

INSURANCES

At Bark EUROPA, we're passionate about creating unforgettable adventures at sea. To ensure a smooth journey, travel insurance is essential. With varying insurance policies around the world, we can't offer specific recommendations. This guide highlights key areas your travel insurance should cover.

To ensure your travel insurance perfectly suits your needs, we recommend consulting a local insurance professional. Here's an important point to keep in mind: while we call you "voyage crew" on board, for insurance purposes, you'll be considered a guest participating in active sailing holidays. This distinction is crucial when discussing coverage with your insurance provider.

HEALTH & TRAVEL INSURANCE

On board EUROPA you will need health insurance and travel insurance which includes the following:

Medical Evacuation Coverage:

Minimal coverage of 200.000 USD for a medical evacuation from the ship to the mainland and onwards to your home country.

Medical Costs

Please make sure that you are covered for any medical emergencies, hospitalization and medical help in a foreign country, doctors visits etc.

Covered when at sea

Not all travel insurances cover sailing trips, please make sure that your insurance covers you when at sea. Please keep in mind that in almost all cases you will travel more than 20 nautical miles from the coast.

Full duration of your trip

Please make sure you are covered during the entire duration of your trip, meaning from the day you leave your house until you arrive back home.

CANCELLATION INSURANCE

While cancellation insurance isn't mandatory for your sailing adventure, we strongly recommend it.

This type of insurance covers your voyage fee in case of unforeseen personal circumstances that force you to cancel your trip.

To ensure maximum coverage, we advise securing your cancellation insurance as soon as you receive your Booking Confirmation. This way, you'll have peace of mind knowing your trip is protected.

INSURANCE RECOMMENDATIONS FROM PREVIOUS SAILORS
